Shells of Rebel Artillery Set Fire to Huge Oil Tanks in the Coast City

MEXICO CITY, April 9.—After spending more than a week in the camp of Zapata, the rebel bandit, in fear of crucifixion, Bishop Campos, of Chimalpa reached the town of Iguala today, having been released by Zapata.

Catholics here expressed the greatest relief, as it was feared the threats of the rebels would be certainly carried out unless the ransom of 50,000 pesos demanded by Zapata reached the rebel camp before Good Friday when it was declared the bishop would be crucified. At Iguala, Bishop Campos declared that the threat of crucifixion had really been made by a subordinate.

Burn American Property
WASHINGTON, April 9.—The complete destruction by rebels of the Waters-Pierce company's plant at Tampico, with a loss of approximately half a million dollars was reported today to the state department. The department statement said the warehouses of the Agencia Commercial, a German property, was burned with a loss of \$500,000.

rate of Zapata. For a time the rebel bandit evidently believed it would serve as a means of assuring funds for his forces. Then reports of tremendous feeling that had been aroused in Mexico City and throughout the country began to reach the rebel camp and Zapata countermanded the order and ordered the bishop released.

TORREON, April 9.—General Pancho Villa, last night, in a long telegram to President Wilson, attempted to justify his action in seizing the four leading banks of Torreón.

reón. He said that the bankers had stopped payment on foreign drafts of his for \$500,000, thereby weakening his credit abroad.

In his seizure of the banks, it is doubtful if General Villa got anything but office fixtures and furniture, as the money had all been taken out before Torreón fell.

Shells Fire Tampico Tanks
VERA CRUZ, April 9.—Reports of a sweeping federal victory at Tampico were received by General Maas, commanding the federal garrison here today but wireless messages received from Rear Admiral Mayo declare the battle is still in progress.

The dispatches to Mayo declared shells were bursting in the town and firing oil tanks. All foreigners are being well taken care of, the wireless stated.

During the night, Mayo conferred with British Rear Admiral Craddock as to the advisability of endeavoring to take refugees aboard the battleships, but it was decided such action was unsafe under present conditions.

A cablegram was received from Secretary Bryan this afternoon declaring that the state department is considering the advisability of sending the Moro Castle to Tampico to care for American refugees. A German gunboat here received a wireless message during the day that fierce street fighting was in progress at Ceila, Aba Grande and even in the outskirts of Tampico.

Rear Admiral Mayo reported that he had reprimanded the Mexican gunboats for promiscuous firing.

TWO DROMIOS

GEORGE

JAMES

The publication in this paper yesterday of the picture of Judge George Thompson, of Ellsworth, in connection with his election to the bench, called attention to the striking resemblance between the jurist and his twin brother, James Thompson, of this city. Many people regard this likeness as the most remarkable of which there is any record. For friends of one of the brothers to mistake the other twin for their own acquaintance is a daily experience, but the big puzzle is sprung when the two brothers are together and a friend of only one of them approaches. This friend invariably looks from one to the other in bewilderment. Of late James has gained about ten pounds in weight over his brother, and should the twins refuse to testify as to their respective identities it would be necessary for friends to weigh them to tell which from 'tother.

COMMISSION WINS IN SUPREME COURT

Outside Telephone Company Having Few Phones in City Cannot Enter City to Compete

JONESVILLE MUST VOTE AGAIN

Citizens Ballotted in Favor of Purchase of the Water Works but Sufficient Notice Wasn't Given

MADISON, Wis., April 9.—The railroad commission was sustained and Judge E. Ray Stevens reversed in a decision of the supreme court this morning in the case of the Citizens' Telephone company of Eau Claire vs. the railroad commission. The commission ruled that an outside telephone company which had a few telephones installed in a city could not install an exchange and build up a system in competition with a local company.

In the case of the Janesville Water company against the city of Janesville, the court ruled that not enough notice had been given of the election at which the voters ballotted on the purchase of the plant, and the case was sent back with orders to take proper legal action.

In the case of the state of Wisconsin, ex. rel. the Thomas Furnace company of Milwaukee vs. the city of Milwaukee, involving the condemnation of the company's land for use as a turning basin, the court reversed the early decision and remanded the case with orders to dismiss it.

To Test Law Later
Upon motion of the attorney general, the case testing the state eugenics law—Alfred A. Peterson vs. Lewis G. Widner—was placed on the last assignment of the January calendar, which means that it will be argued in May and a decision reached about June.

The case of the state ex. rel. J. B. Arpin vs. F. A. Eberhardt, Wood county, involving the construction of a part of the income tax law, was placed on the same calendar.

The court handed down decisions in several small Milwaukee cases and cases from other circuits.

RUINS MUSEUM EXHIBIT

LONDON, April 9.—Historic exhibits which it will be impossible to replace were damaged in the British museum today by a militant suffragette armed with a hatchet. The woman entered the Asiatic room of the museum, smashed numerous cases, and scattered valuable exhibits. She was arrested after a fight.

The museum officials placed the heaviest loss upon the destruction of a porcelain saucer which was the oldest known to be in existence.

RIDICULES FUSS OVER BILL REPEAL

Republican Senator Lodge Points Out that Heroics Over Canal Tolls Are Futile

LAUGHS AT SUBSERVENCY PLEA

U. S. Too Great and Powerful to Be Subject to British or Any Other Domination

WASHINGTON, April 8.—Comparing the outbursts of those who have been opposing the "surrender" of canal rights to Ajax defying lightning that did not exist, Senator Lodge of Massachusetts, "scholar of the senate," this afternoon eloquently pleaded for support of President Wilson's repeal plan.

The republican senator said he could not deal in a partisan, political spirit with treaty questions.

No Physical Danger

"There is no particular courage required to insist upon passing our own ships through the canal without the payment of tolls," he declared. "We incur no physical danger in doing so, and to hurl defiance at the rest of the world under these conditions is no doubt a very agreeable pastime to those who engage in it."

"The attitude of Ajax defying the lightning is not a very inspiring one if there is no lightning to be feared. The outcry about exhibiting subservency to Great Britain or any other country because we see fit to repeal the tolls seems to be hardly worthy of serious consideration. The United States is altogether too great and too powerful to be subservient to anyone."

Refers to Mexico

"As I have listened to some recent stirring declarations of our readiness to face a world in arms, in defense of tolls exemption, about which noble cause no country would think of fighting, there have been moments when I have marveled as I thought of the coolness and indifference with which we have contemplated the murder of more than a hundred and fifty Americans not many miles from our own border. The violated rights, the unavenged, the almost unnoticed deaths of those innocent people, have seemed to make heroes about canal tolls where there is no peril to anyone particularly out of place."

Prophesies More "Surrender"

Repeal of the clause excluding railroad owned ships from the Panama canal will be the "next step in surrender to Great Britain," Senator Borah predicted before the senate interoceanic canal committee today in the first of the hearings on the Sims repeal bill.

Borah said Sir Edward Grey, British minister for foreign affairs, had objected to the railroad clause.

Whether England has asked the exemption of ships owned by Colombia from tolls through the canal was a point raised by Borah, who said he understood this from Senator Root, who as secretary of state, had negotiated the treaty. He suggested that Root be asked to testify.

Wilson Administration Contemplates Court Action Against President's Critics

WILL INVOKE PUBLICITY LAW

Alleged that Burleson Has Information the Shipping Trust Finances the Campaign

WASHINGTON, April 9.—Plans of the Wilson administration to strike back in the campaign waged against the president by certain newspapers in the tolls fight were indicated today. An attack in the courts at an alleged subsidized newspaper "lobby" backed by the "shipping trust," is the big card held in reserve, it was learned.

Representative Barnhart of Indiana, author of the newspaper publicity law, was authority for the statement today that such proceedings against the newspaper anti-repeal lobby are contemplated.

"The postmaster general has information that certain of the newspapers, some of the largest and most influential in the large cities from coast to coast, are printing paid articles for the 'shipping trust' in the agitation against the tolls repeal," said Barnhart today.

"These articles, the department is informed, are printed as bona-fide news stories, without being labeled as advertisements, as required by the publicity law. The postmaster general is seriously considering prosecution in the federal courts of the newspapers and their editors and owners."

"If it is found that they are accepting money for the pseudo-news articles, the newspapers can be barred from the second-class mails and their editors or owners fined."

The requirement for labeling advertisements as such, in newspapers, was recently sustained by the supreme court.

Call Hearst Story Fake

Bitter denunciation of what he said was a "fake" printed in the Hearst newspapers yesterday was made in the house this afternoon by Representative Vollmer of Iowa. He denied a Hearst story that he would not be a candidate for re-election because of criticism "back home" of his vote to repeal the tolls exemption.

"I have not received a single word of disapproval of my vote," he said. "These newspaper articles are a part of a campaign by certain newspapers to discredit the repeal bill and those who voted for it."

BRYAN WEAK

WASHINGTON, April 9.—Wearing a black silk skull cap to protect the sparsely thatched crown of his head, Secretary of State William J. Bryan re-appeared at his office after an absence of five days on account of sickness. The secretary appeared still to be weak and remained seated in his chair while receiving callers.

GUSTAV V. OF SWEDEN GOES UNDER KNIFE— RUMOR HE HAS CANCER

STOCKHOLM, April 9.—King Gustav V submitted to an operation at his Sophia home early today. It was stated that the operation was due merely to ulcer of the stomach, but the Aften Bladt is authority for the statement that the king is suffering from cancer.

Queen Victoria accompanied the king to the hospital last night and rooms were provided for her adjoining those of the king. She will remain in the home until her husband is fully recovered.

Crown Prince Gustavus Adolphus was designated as regent by his father before the latter left the palace last night.

An official bulletin was issued at 2 o'clock this afternoon, stating no indication of cancer was found. The bulletin said:

"His majesty submitted to an operation at 10 o'clock this morning, which lasted forty-five minutes. A sore of a more or less superficial nature was found near the lower outlet of the stomach, which had caused surrounding organs to become somewhat inflamed. There were no

indications of a malignant growth or cell changes."

Professors Berg, Akerman and Fleidner were the operating surgeons. Queen Victoria and the crown prince remained in an adjoining room.

LOG CHAIN LYNCH LAW YARN A FAKE

Mrs. Charles Strong Misrepresented by "Delinquent" Hubby Whom She Sues for Divorce

CHARGES HIM WITH NEGLECT

Wife Not a Party to "Keg Party" with Which Husband Wound Up Career of Domesticity

That her husband's story of violent treatment culminating in an attempt "lynching with a log chain" is a subterfuge by means of which she hopes to cover neglect and misconduct upon which she bases her claim for a divorce, is the statement of Mrs. Charles Strong.

Mrs. Strong is an attractive woman, bright and alert, whose general appearance gives the lie to accusations of her husband. Investigation leads to the conclusion that she was not a participant in the roistering which formed the last chapter of her unhappy domestic experience.

In addition, Mrs. Strong avers that the property which she holds was purchased with her own money, and that the "fugitive" husband in no way contributed to its purchase. That he was the purchaser of the liquor which he said was brought to his home by others is another positive allegation of the wife, whose crisp handling of the "fair tale" leaves the man's romance in shreds.

STRIKE NOT AUTHORIZED

CLEVELAND, O., April 9.—Employees of the Pennsylvania railroad system striking because of the Pennsylvania retrenchment policy are not quitting work with the sanction of the Brotherhood of Railway Trainmen, according to national officers of the organization here today. The same applies to similar situations on other roads, it was said. It was admitted that about 600 men are on strike at Pittsburgh and that there was a probability of more employees walking out on the division immediately east of Pittsburgh.

CLOSE LABOR HEARINGS

WASHINGTON, April 9.—Samuel Gompers, president of the American Federation of Labor, and Louis D. Brandeis, critic of "Big Business," were expected to close the Washington hearings of the federal industrial commission which have been in progress for four days. The two men testified on labor conditions generally.

PEACH CROP RUINED

EQUITY SOCIETY OF PINE CREEK FOR FREE BRIDGE

Requests La Crosse Board of Trade to Petition the City Council

UP TO STATE TO CLAIM ISLAND

Judge Farrell Says that Minnesota Has Done All in Power to Give Us Park

CLAIM THEIR REWARD NOW

Don't Want to Wait for Free Bridge Until the Badger Legislature Meets

The Pine Creek, Minn., Society of Equity of 100 members, unanimously adopted a resolution at the last meeting requesting the La Crosse board of trade to petition the city council in their behalf for the immediate removal of toll from the La Crosse wagon bridge.

Judge James Farrell of La Crosse, following a conference with State Senator F. A. Duxbury of California, today declared that the Minnesota legislature has done all that can possibly be done toward bringing about the cession of Barron's island to Wisconsin, the only remaining obstacle, and it now lies with the Wisconsin legislature to act. In view of this fact, the Houston county farmers feel that the removal of the toll should not be delayed until the next session of the legislature but immediate action taken.

Mr. Farrell, who has been one of the leading factors in the fight for a free bridge, in discussing the question today said:

Recalls Mayor's Talk
"At the recent community banquet Mayor Sorensen declared that if Barron's island were ceded to Wisconsin he could practically promise the unanimous consent of the city council for the free bridge. As the question now stands the Minnesota legislature has adopted a bill for the conditional cession of the island, the condition being the cession of the island opposite Red Wing to Minnesota by the Wisconsin legislature."

"As soon as the Wisconsin legislature cedes the Red Wing island, Barron's island becomes the property of La Crosse county."

"We feel sure that Wisconsin will act favorably on the cession of the Red Wing island and that the cession of Barron's island is only a matter of time."

Want Reward Now

"The greater part of a year, however, will elapse before the Wisconsin legislature can act on the question. As we have already done our share it is only fair that we should now have the free bridge and should not be made to wait pending the action of the Wisconsin legislature."

"Among the chief reasons why the La Crosse city council should grant our petition for immediate removal of the toll is the co-operative packing plant. Houston county farmers are enthusiastic over the proposition but are loath to invest until the bridge is made free."

TORTURE CAPTURED AVIATORS

PARIS, April 9.—Captain Alfred Herve, one of two army aviators killed in Morocco yesterday by hostile Moors, was a brother of Gustave Herve, editor of the Guerre sociale, it was understood at the war office today. The officer murdered with Captain Herve was Captain Rooland, instead of a corporal as first reported. Advice to the war office declare the two officers were brutally tortured before finally being killed by the Moors.

WANTS MADERO FORTUNE

SAN ANTONIO, Tex., April 9.—Gabriel Madero, brother of the late President Francisco Madero, will go to Torreón within a few days and attempt to recoup the fortunes of the Madero family whose property had been taken over by the Huerta forces since the death of Francisco. He believes he can now regain much of it.

AMERICANS BEAT NOBLES

SANDWICH, Eng., April 9.—Francis Ouimet, American open golf champion, and Arthur G. Lockwood today defeated the Marquis of Linlithgow and his brother, Lord Charles Hope, in a foursome over the Sandwich links. Lockwood is the former amateur champion of Massachusetts. The Americans won five up and four to go.

ON COMMON GROUND

The distance between the two had suddenly widened.

"Father says I ought to marry a man—"

Charlie Biddle glanced resentfully into the malicious gray eyes of Betty Saunders. He turned sharply away, too indignant for words.

She spoke again with a slightly conciliatory tone in her soft contralto voice.

"If you would only control your temper and let me finish—"

"Oh, fire away!" he replied doggedly, digging the toe of his heavy motoring boot into the soft spring sod. "You can't say much worse than you have already thrown at me."

"Well—I was going to say that father says I ought to marry a man with some settled prospects in life—some—a—some sort of business, you know."

"Oh, he does, does he?" Charlie's tone was acidulated enough to show Betty that his indignation was genuine. It was not the kind she was in the habit of dispelling with one of her usual coaxing remarks.

She spoke more quickly as if desirous of getting a painful scene over.

"Yes—some dignified sort of business."

"I see," Charlie bowed gravely. Betty felt like weeping at her sweetheart's unbending manner. It was his happy-go-lucky disposition that had first captured her fancy and later won the whole of her heart.

"Yes," she continued, trying bravely to swallow her discomfiture, "father thinks that a young man ought to start his career long before he is your age. He does not even know whether or not you lean toward a profession or business."

Charlie gave utterance to an ejaculation of displeasure not in the least complimentary to Betty's father.

"You need not grunt out things against my father that you are afraid to say to me!" Betty flared at him with flashing eyes. "My father is a successful man, and he surely ought to know something about the characteristics that help toward a young man's future!"

"Did father say how old he was before he made his mark?"

"Not exactly, but he said he never spent his time motoring and risking his neck in flying machines."

"A jolly good reason why," he said pointedly.

The sarcasm in Charlie's tone maddened Betty. Perhaps her anger was directed more at her father than her sweetheart, but it was the latter who got it.

"Don't you dare insinuate anything against my father," she flashed. "Of course, he was too poor to have the luxuries you indulge in, but you would not have them either if you had not inherited the money for them. He says the fast life you live dashing through the clouds and tearing like mad through country lanes in your racing car, not only is conducive to bad morals but unfits you for domestic habits."

"I see," Charlie pondered a minute, then spoke with a deliberation that foretold the coming of something both unpleasant and hard to say—yet necessary.

"Since you have presented me with so fragrant a bouquet from your father's mind I will return the compliment by giving you one from my mother's fertile brain."

Betty glanced swiftly at him and met his noncommittal smile with a touch of fear in her heart. Charlie continued evenly, though his effort to remain calm brought a sullen whiteness to his face. Betty was very dear to him—the dearest thing in the world.

"You have several times questioned me as to why my mother has never called upon you."

He paused as if about to relent, then gathered fresh courage from the elevated attitude of Betty's little nose at mention of his mother.

"My mother did not want to foster an intimacy between us because she disapproves heartily of you as a wife for me."

The direct and unexpected attack quite took Betty's breath. She stammered a faint syllable, but her nose went a few points higher. The beautiful, prized solitaire on her finger was being pulled off slowly by her right hand.

"Yes," Charlie went on, "my mother is noted for her good sense and discrimination and has warned me against the ultra-modern girl, of which she considers you a startling example."

"I assure you," said Betty, with withering contempt, "that your mother need have no further fear from this quarter." Two bright spots burned in Betty's cheeks, but in her heart were tears. She turned to go.

"Wait—there are still a few blossoms to add," Charlie did not see the tears of vexation in his sweetheart's eyes. Only the haughtiness of her head appealed to him.

"I am not afraid to hear your opinion of me," she told him defiantly.

"You see," he went on serenely, "my mother, as well as your father is old fashioned. She holds that any girl who does nothing but spend her father's money on clothes to make herself look like a peacock, goes to tango teas and the theater all the time and can, in all probability, not tell an egg is no fitting mate for a man who wants a happy home."

"That will do!" Betty interrupted angrily. "You may tell your mother for me that I would not marry her son for anything in the world. Here is your ring. I hope you will find a silly little goose of a girl who can do nothing but darn socks and fry ham and eggs for you!"

"And I hope you find a nice, sleek lawyer or dentist who thinks it dangerous to step into a touring car, and who will come regularly for dinner—and complain if the biscuits are underdone, and the pie unlike that which mother used to make!" Charlie flung back at her.

"I detest that kind of a man!" Betty informed him coolly because she was on the verge of tears.

"And I loathe the kind of girl who sits at home and darns."

"It is exactly the kind your mother wants for you," taunted Betty.

"And the man is just the ideal your father would select for you," returned Charlie. He picked up the ring Betty had put on the table.

"But let me tell you, Betty; my mother is not going to pick out the girl for me. I love where I love, and will marry to suit myself."

"And I," Betty said a trifle unsteady, "will marry no man simply to please my father. 'I can only love where my heart—heart—'"

"Betty! Darling! What is it?" Charlie had taken his love into his longing arms and held her close to him.

"You had better put on my ring back," Betty suggested happily.

"And I," Betty said a trifle unsteady, "will marry no man simply to please my father. 'I can only love where my heart—heart—'"

"Betty! Darling! What is it?" Charlie had taken his love into his longing arms and held her close to him.

"You had better put on my ring back," Betty suggested happily.

The direct and unexpected attack quite took Betty's breath. She stammered a faint syllable, but her nose went a few points higher. The beautiful, prized solitaire on her finger was being pulled off slowly by her right hand.

"Yes," Charlie went on, "my mother is noted for her good sense and discrimination and has warned me against the ultra-modern girl, of which she considers you a startling example."

"I assure you," said Betty, with withering contempt, "that your mother need have no further fear from this quarter." Two bright spots burned in Betty's cheeks, but in her heart were tears. She turned to go.

"Wait—there are still a few blossoms to add," Charlie did not see the tears of vexation in his sweetheart's eyes. Only the haughtiness of her head appealed to him.

"I am not afraid to hear your opinion of me," she told him defiantly.

"You see," he went on serenely, "my mother, as well as your father is old fashioned. She holds that any girl who does nothing but spend her father's money on clothes to make herself look like a peacock, goes to tango teas and the theater all the time and can, in all probability, not tell an egg is no fitting mate for a man who wants a happy home."

"That will do!" Betty interrupted angrily. "You may tell your mother for me that I would not marry her son for anything in the world. Here is your ring. I hope you will find a silly little goose of a girl who can do nothing but darn socks and fry ham and eggs for you!"

"And I hope you find a nice, sleek lawyer or dentist who thinks it dangerous to step into a touring car, and who will come regularly for dinner—and complain if the biscuits are underdone, and the pie unlike that which mother used to make!" Charlie flung back at her.

"I detest that kind of a man!" Betty informed him coolly because she was on the verge of tears.

"And I loathe the kind of girl who sits at home and darns."

"It is exactly the kind your mother wants for you," taunted Betty.

"And the man is just the ideal your father would select for you," returned Charlie. He picked up the ring Betty had put on the table.

"But let me tell you, Betty; my mother is not going to pick out the girl for me. I love where I love, and will marry to suit myself."

"And I," Betty said a trifle unsteady, "will marry no man simply to please my father. 'I can only love where my heart—heart—'"

OVER-HEATED CAMPAIGNING

In its last spasm election morning
The Sentinel referred to the social-
ists of Milwaukee as "hoboes, cranks,
flotsam and jetsam and rag-tag and
bob-tail, dispensers of free hand-outs
for the born tired." That was an ap-
peal for the defeat of the socialist
ticket. Yesterday about one-third of
the population, electors in the city of
Milwaukee, voted this ticket. Since
yesterday The Sentinel classed them as
"rag-tag and bob-tail," what is
it going to do with this one-third of
the population during the remaining
264 days of the year?

TOWNS AGAINST SPECIAL SESSION

It appears that the town meetings
have rejected the proposals for an
extra session by an overwhelming
vote.

There is nothing surprising about
this. The farmer is the most intelli-
gent voter, as a class. He knows
something about taxes. No doubt he
regards a reduction of \$4,000,000 in
the state tax as relatively import-
ant, but he also sees that were the
entire state tax wiped out he would
not be relieved from the so-called
high tax burden, because not more
than ten per cent of the total taxes
paid is for state purposes.

The real value of a special session
would have been found in the fact
that the whole matter now under
controversy would have come before
the legislature, under the whip of
public sentiment. Items which in-
volve taxation could have been con-
sidered separately, and something
like a consensus of opinion as to
whether the end justified the expense
could have been reached. This

would have tended to clarify the sit-
uation, although the consideration
of the subject at the town meetings
has had something of that effect.

The adverse vote seems to in-
dicate that the cry against taxation is
not regarded as bona fide, but is felt
to be the same old subterfuge of the
same old reactionary representatives
of the special interests in Wisconsin.

PAVING THE WAY

The Milwaukee News, through a
series of front page articles, insists
on running Tom Morris for gover-
nor. We can understand why The
News would like to have Tom out of
the senatorial race. Indeed, we
should not be surprised were the
News to run Tom for governor of
North Dakota, or some other far dis-
tant state.

WASTE IN THE JUDICIAL ELECTION

With but one candidate before the
public, a judicial election was held
yesterday in La Crosse. It cost the
city some \$800, and the net result
was that about ten people to each
precinct voted. There was no con-
test, and the expense does not seem
justified. The local authorities, how-
ever, seem not to blame. As the law
is interpreted, it appears that it was
necessary to hold the election irre-
spective of the existence of a contest.

FLAYS HEARST AS CZOLGOSZ MAKER

A charge that in its reiterated at-
tack on President Wilson, in which
it charged him with being an enemy
of the American people, Mr. Hearst
through his newspapers is "breeding
another Czolgosz," is made by the
New York World.

The World's declaration that it is
up to Mr. Hearst to think seriously
about what he is doing is not with-
out merit. To protect the liberty of
the press—free speech—we are ob-
liged to leave the door wide open.
This calls for the exercise of sound
and conservative judgment on the
part of publishers, a thing with which
the Hearst publication is unacquaint-
ed. The extreme and prejudicial char-
acter of their discussions of public
matters and public men tends to in-
flame that order of intellect of which
Czolgoszes are made. It would be
well indeed were Mr. Hearst to so
phrase his criticism of the adminis-
tration as to avoid undue excitement.

QUEEN VICTORIA'S

Favorite Song by Sir Arthur Sullivan
The favorite song of Queen Victo-
ria was composed by Sir Arthur Sey-
mour Sullivan, who was afterward
knighted by Her Majesty. This fa-
vorite song of England and England's
Queen was "The Lost Chord," which
Sir Arthur composed at the bedside
of a dying brother. He has written
many popular songs, but is best
known as the composer of "H. M. S.
Pinafore," "The Pirates of Pen-
zance," "Patience," and "The Mik-
ado," and was associated in his work
with William S. Gilbert as his libret-
tist. His popular hymns include
"Heaven is My Home," and "On-
ward, Christian Soldiers," which find
their place in nearly all collections
of sacred music. Arthur Sullivan
died in London in 1900, and left be-
hind him a fame for musical composi-
tion that will live as long as the
heart responds to tender and sweet
emotions.

"The Last Chord" and other world
famous songs by Sullivan are printed
in "Heart Songs"—a volume of
world-wide music now being offered
by this paper to its readers. Read
the terms upon which it may be had,
published in the coupon elsewhere

WANT FRENCH EXHIBIT

PARIS, April 9.—The republican
committee on commerce and indus-
try with Senator Mascaraud presid-
ing, today adopted a resolution ur-
ging that the government appropri-
ate funds for a French exhibit at the
San Francisco Panama exposition.

Forest officers in Washington and
Oregon plan to discontinue the use
of barbed wire on their forests. They
say barbed wire has no advantage
over smooth wire, that it injures
stock, and that it is more likely to
be borne down by soft snow.

Quips and Cranks and Wanton Wiles

O Little Mother of Mine
Sometimes in the hush of the even-
ing hour,
When the shadows creep from the
west,
I think of the twilight songs you
sang,
And the boy you lulled to rest;
The wee little boy with the tousled
head
That long, long ago was thine—
I wonder if sometimes you long for
that boy,
O little mother of mine!

And now he has come to man's es-
tate,
Grown stalwart in body and
strong,
And you'd hardly know that he was
the lad
Whom you lulled with your slum-
ber song.
The years have altered the form
and the life,
But this heart is unchanged by
time,
And still he is only thy boy as of
old.
O little mother of mine!

—Walter H. Brown.
An Insinuation
There is a young lawyer in a town
which shall be nameless. He has lit-
tle or no practice and is at present
feeling discouraged. On leaving his
office the other day he placed a card
on the door on which he had neatly
written:

"Will return in an hour."

When he came back he found writ-
ten on the card the words: "What
for?"

Not Practicing It

"Here's a letter from John. He
says he is studying political econo-
my."

"Isn't that fine?"

"I don't know. It doesn't seem to
be doing any good. At the bottom
of his letter he says he's out of funds
and wants \$25 more.—Detroit Free

Plenty of Snipe

A Dublin gentleman was spending
his vacation with some friends in the
west of Ireland. As he was being
driven to his destination he noticed
a bog that promised good shooting
and asked his jarvey if there were
any snipe in it. "Snipe, is it, sor?
Did ye say snipe? Shure, if ye went
into that bog without a gun they'd
ate ye!"

MRS. BEIDEL TELLS WOMEN

How Lydia E. Pinkham's Veg-
etable Compound Kept Her
in Health for 14 Years.

Shippensburg, Pa.—"It was several
years ago that I started taking Lydia E.
Pinkham's Vegetable Compound. I
then suffered terribly every month. My
husband bought me a bottle of it and it
helped me right away. Then after my
second child was born I had a female
trouble very badly and I used Lydia E.
Pinkham's Vegeta-

ble Compound and in a short time was
cured and have been in excellent health
since. I always praise the Compound
whenever I have an opportunity as I
know it helped me and will help others.
Lately I have given the Compound to
my daughter and I wish all suffering
women would take it and be convinced
of its worth."—MRS. JAMES A. BEIDEL,
113 N. Penn Street, Shippensburg, Pa.

Lydia E. Pinkham's Vegetable Com-
pound, made from native roots and herbs,
contains no narcotic or harmful drugs,
and to-day holds the record of being the
most successful remedy for female ills
we know of, and thousands of voluntary
testimonials on file in the Pinkham
laboratory at Lynn, Mass., seem to
prove this fact.

If you have the slightest doubt
that Lydia E. Pinkham's Vegeta-
ble Compound will help you, write to
Lydia E. Pinkham Medicine Co.

Loaves to Each
Barrel—Bakes Better Bread

MARVEL is made of highest
quality spring wheat, doubly rich in
flavor, richness, strength, nutri-
ment. Absolutely in a class by it-
self because of its better baking
and longer lasting qualities.
Bakes more loaves to the barrel
than ordinary flour, bread of marvelous
texture and still better taste. If the sav-
ing doesn't appeal to you, the bread will.

Homeopathic Treatment

Robert Hilliard is sensitive to
weather conditions. They affect his
mood. Icy blasts were sweeping
across the common as he looked
gloomily from the window of his
Boston hotel recently. A new Eng-
land blizzard was gathering head-
way.

"I'd like to be in Palm Beach to-
day," moodily remarked the actor,
who loves the south.

"Your mental attitude is chilled,"
said a sympathetic friend. "What you
need is light, life, joy, warmth, gay-
ety. All these I offer you at a
charming afternoon's entertainment
within two blocks of here."

"I'm with you," said Mr. Hilliard.
Then he rang for a valet to fetch
overcoat No. 11.

Five minutes later, in a darkened
auditorium, he was indignantly view-
ing some pictures of Captain Scott's
journey to the south pole.

Quitter:

Bill Watkins, a tar-colored person
from Boston, was so ill-advised as to
get into the ring with Sam Langford,
the brown metal-chopper, the other
night. Mr. Watkins poked a tentative
fist at Mr. Langford. Mr. Langford
whanged Mr. Watkins on his beam-
ing eye. Mr. Watkins flopped to the
floor.

"Yah!" said the crowd loudly.
"Quitter!"

Mr. Watkins remained quiescent
until the referee had made it safe
for him to rise. Then he spoke over
the ropes.

"I nevah quit," he said earnestly.
"I ain't that kind of a fighter. I'm
a good, game man."

"Then why didn't you get up?"
bellowed the indignant audience.

"This heah coon," said Mr. Wat-
kins, waving his hand at Mr. Lan-
gford, "this heah coon he hit me on
the breakaway. So I jus' renounced
him!"

Mistletoe thrive on the western
coast to an extent not approached in
the east. In many places this para-
sitic growth is responsible, directly
or indirectly, for a considerable loss
of timber.

"I consider it horribly unfair."

"So it is. But if you wish to live
in peace, you must submit."

"Peace at that price I have no
wish for. This man Mallow lives
within the pale of law; the other
man is outside of it. Yet, of the two,
which would you be quickest to
trust?"

The consul-general laughed. "Now
you are appealing not to my knowl-
edge of the world but to my instin-
ct."

"Thanks."

"Is there any reason why you
should defend Mr. Warrington, as
he calls himself?"

The consul-general's wife des-
perately tried to catch her hus-
band's eye. But either he did not see
the glance or he purposely ignored it.

"In defending Mr. Warrington I
am defending myself."

"A good point."

"My dear friend," Elsa went on,
letting warmth come into her voice
once more, "my sympathy went out
to that man. He looked so lonely.
Did you notice his eyes? Can a man
look at you the way he does and be
bad?"

"I have seen Mallow dozens of
times. I know him to be a scound-
rel of sorts; but I doubt if bald
sunlight could make him blink.
Liars have first to overcome the
flickering and wavering of the eyes."

"He said that."

"Who, Warrington?" puzzled.

"He said almost the same thing.
Would he say that if he were a
liar?"

"I haven't accused him of being a
truthful young man. But he con-
fessed to me that ten years ago he
robbed his employer of eight thou-
sand dollars. By the way, what is
the name of the firm your father
founded?"

"The Andes Construction Com-
pany." Do you think we could find
him something to do there?" eagerly.
"He builds bridges."

"I shouldn't advise that. But we
have gone astray. You ought not to
see him again."

"I have made up my mind not to."

"Then pardon me for all this
potter. I know what is in your
heart, Elsa. You want to help the
poor devil back to what he was; but
he'll have to do that by himself."

"It is a hateful world!" Elsa ap-
pealed to the wife.

"It is, Elsa, dear. But James is
right."

"You'll get your balance," said
the guardian, "when you reach
home. When's the wedding?"

"I'm not sure that I'm going to
be married," Elsa twirled the sun-
shade again. "I really wish I had
stayed at home. I seem all topsy-
turvy. I could have screamed when
I saw the man standing on the ledge
above the boat that night. No; I do
not believe I shall marry. Fancy
marrying a man and knowing that
his ghost was at the same time
wandering about the earth!" She
rose and the sunshade described a
half-circle as she spoke. "Oh, bother
with it all! Dinner at eight, in the
big dining-room."

"Yes. But the introductions will
be made on the cafe-veranda. These
people out here have gone mad over
cock-tails. And look your best, Elsa.
I want them to see a real American
girl tonight. I'll have some roses
sent up to you."

Elsa had not the heart to tell him
that all interest in his dinner had
suddenly gone from her mind; that
even the confusion of the colonel
no longer appealed to her. Bitter
malice. She knew that she was go-
ing to be bored and miserable.
Well, she had promised. She would
put on her best gown; she would
talk and laugh and jest because she
had done these things many times
when her heart was not in the play
of it.

When she was gone, the consul-
general's wife said: "Poor girl!"

Her husband looked across the
room interestedly. "Why do you
say that?"

"I am a woman."

"That phrase is the City of Re-
fuge. All women fly to it when con-
fronted by something they do not
understand."

"Oh, but I do understand. And

According to the Rules.

Elsa sought the hotel rickshaw-stand, selected a sturdy coolie, and asked to be run to the botanical gardens and back. She wanted to be alone, wanted breathing-space, wanted the breeze to cool her hot cheeks. For she was angry at the world, angry at the gentle consul-general, above all, angry at herself. To have laid herself open to the charge of indiscretion! To have received a lecture, however kindly intended, from the man she loved and respected next to her father! To know that persons were exchanging nods and whispers behind her back! It was a detestable world. It was folly to be honest, to be kind, to be individual, to have likes and dislikes, unless these might be regulated by outsiders. Why should she care what people said? She did not care. What made her furious was the absolute stupidity of their deductions. She had not been indiscreet; she had been merely kindly and human; and if they wanted to twist and misconstrue her actions, let them do so.

She hated the word "people." It seemed to signify all the useless inefficient persons in the world, massed together after the manner of the heath, always wanting something and never knowing what; not an individual among them. And they expected her to conform with their ways! Was it necessary for her to tell these meddlers why she had

sought the companionship of a self-admitted malefactor? . . . Oh, that could not be! If evil were to be found in such a man, then there was no good anywhere. What was one misstep? Was it not written that all of us should make one or more? And surely this man had expiated his. Ten years in this wilderness, ten long lonely years. How many men would have stood up against the temptations of this exile? Few, if any, among the men she knew. And they criticized her because she was sorry for the man. Must she say to them: "Dear people, I spoke to this man and engaged his companionship because I was sorry for him; because he looked exactly like the man I have promised to marry!" It was ridiculous. She laughed. The dear people!

Once or twice, she saw inwardly the will-o'-the-wisp lights of her soul. But resolutely she smothered the sparks and bolstered up the pitiful lie.

The coolie stopped suddenly. "Go on," she said.

But the coolie smiled and wiped his shaven poll. Elsa gazed at the hotel-veranda in bewilderment. Slowly she got out of the rickshaw and paid the fare. She had not the slightest recollection of having seen the gardens. More than that, it was a quarter to seven. She had been gone exactly an hour.

BIG EATERS GET KIDNEY TROUBLE

Take Salts at first sign of Bladder irritation or Backache.

The American men and women must guard constantly against kidney trouble, because we eat too much and all our food is rich. Our blood is filled with uric acid which the kidneys strive to filter out. They weaken from overwork, become sluggish; the eliminative tissues clog and the result is kidney trouble, bladder weakness and a general decline in health.

When your kidneys feel like lumps of lead; your back hurts or the urine is cloudy, full of sediment or you are obliged to seek relief two or three times during the night; if you suffer with sick headache or dizzy, nervous spells, acid stomach, or you have rheumatism when the weather is bad get from your pharmacist about four ounces of Jad Salts; take a tablespoonful in a glass of water before breakfast for a few days and your kidneys will then act fine. This famous salts is made from the acid of grapes and lemon juice, combined with lithia, and has been used for generations to flush and stimulate clogged kidneys; to neutralize the acids in the urine so it no longer is a source of irritation, thus ending bladder disorders.

Jad Salts is inexpensive; cannot injure, makes a delightful effervescent lithia-water beverage, and belongs in every home, because nobody can make a mistake by having a good kidney flushing any time. Chas. A. Benschlag, Druggist, 503 Main St.

Steam Bath Good for Ferns.

A steam bath has a wonderful effect on ferns. To make this take all the plants up to the bathroom, close the door and window, and fill the bath with hot water. Let the plants stand in this hot, steamy air for two or three hours, then gradually clear the air so that the plants become accustomed to the ordinary atmosphere before they are replaced in their customary positions.

Why Not Ham?

He had held forth for so long on the subject of his adventures that the entire smoking room was distinctly bored. Finally he reached India. NORTH SIDE

LEAGUE RE-ELECTS ALL ITS OFFICERS

Baum, Knudson, Tully and Lowry to Serve for the Coming Year

LEAGUE FAVORS BATH HOUSE

Proposition to Install Municipal Beach in Copeland Park Is Discussed

George Baum was re-elected president of the North Side Progressive league at the regular monthly meeting of the league last night in the Woodman hall. The following members were also re-elected for the ensuing year: Thomas Tully, vice president; K. F. Knudson, treasurer; and Robert Lowry, secretary. The new board of directors constitutes J. G. DuBraks, F. A. Figgie, Roy Staats, James Smith and P. W. Mahoney.

The matter of establishing a north side bath house at the upper end of Copeland park received the favorable consideration of the league. No definite plans, however, were made for the promulgation of the plan, except that the league will confer with the city in an effort to put through the project.

As regarded the proposition of the Home coming committee to turn over Friday, the day before the Fourth of July, to the north side, the league declined to accept the offer as a body, but the members expressed their intention of aiding the committee in making the home coming a success.

Throw Away Your Eye-Glasses

A FREE PRESCRIPTION

You Can Have Filled and Use at Home

Do you wear glasses? Are you a victim of eye-strain or other eye-weaknesses? If so, you will be glad to know that there is real hope for you. Many whose eyes were failing, say they have had their eyes restored through the principle of this wonderful free prescription. One man says, after trying it: "I was almost blind; could not see to read at all. Now I can read everything without any glasses and my eyes do not water any more. At night they would pain dreadfully; now they feel fine all the time. It was like a miracle to me." A lady who used it says: "The atmosphere seemed hazy with or without glasses, but after using this prescription for fifteen days everything seems clear. I can even read fine print without glasses." It is believed that thousands who wear glasses can now discard them in a reasonable time and multitudes more will be able to strengthen their eyes so as to be spared the trouble and expense of ever getting glasses. Eye troubles of many descriptions may be wonderfully benefited by following the simple rules. Here is the prescription: Go to any active drug store and get a bottle of Optona. Fill a two ounce bottle with warm water, drop in one Optona tablet and allow to dissolve. With this liquid bathe the eyes two to four times daily. You should notice your eyes clear up perceptibly right from the start and inflammation will quickly disappear. If your eyes are bothering you, even a little stop to see them now before it is too late. Many hopelessly blind might have been saved if they had cared for their eyes in time.

FIRST USE OF RESINOL STOPS TERRIBLE ITCH

Jan. 27, 1914: "I suffered over eight years with eczema. It started in one little place and kept spreading until it covered my hands. My hands looked like they had been burned by fire and peeled off in large pieces until they were only raw flesh. I was told it was eczema. It itched and burned me so that I could not sleep at night. I tried all sorts of eczema salves and one prescription after another but nothing gave me any relief until I tried Resinol Soap and Resinol Ointment, and after the first application my hands never itched or burned again, and were well in one week. I want every sufferer from eczema to know that they can find a cure in Resinol." (Signed) Miss Ethel Scott, Milstead, Ga.

Physicians have prescribed Resinol for nineteen years, for all sorts of skin troubles, pimples, dandruff, sores, ulcers, burns, etc. Every druggist sells Resinol Ointment and Resinol Soap.

FEAR CO-OPERATIVE MARKETING PLANS

Western Grain Dealers Meet at Cedar Rapids to Evolve a Defense

Hostility towards the growth of the co-operative marketing movement among farmers and fear of the proposed federal probe animated the delegates attending the fourteenth annual meeting of the Western Grain Dealers' association which opened a two days' session here today.

A long set program has been prepared, but this is only a side line to the main question—inducing the farmers to abandon their co-operative movement and return to the old method of selling grain through the dealers.

Representatives are here for the grain exchanges at Duluth, Minneapolis, Milwaukee, Kansas City, Omaha, Chicago, St. Louis and Des Moines.

One plan suggested is the cutting of commission charges for handling grain.

Another Way of Putting It.

"Hitch your wagon to a star," wrote Emerson. It does no violence to the wisdom of Emerson to transpose the thought and urge the necessity of hitching the star to your wagon, your exceptional moods to your drudgery, and your finer enthusiasms to the grinding toil of the daily life. This is, indeed, a fine art, but its accomplishment will reconcile the opposite extremes which are so often in conflict.

To Cure Corns, Callouses Bunions and Aching Feet

The following is absolutely the surest and quickest cure known to science for all foot ailments: Dissolve two tablespoonfuls of Calocide compound in a basin of warm water. Soak the feet in this for fully fifteen minutes, gently rubbing the sore parts. The effect is really wonderful. All soreness goes instantly and the feet feel delightful. Corns and callouses can be peeled right off. It gives immediate relief for sore bunions, sweaty, smelly and aching feet. A twenty-five cent box of Calocide is said to be sufficient to cure the worst feet. It works through the pores and removes the cause of the trouble. Don't waste time on uncertain remedies. Any druggist has Calocide compound in stock or he can get it in a few hours from his wholesale house. Prepared only by Medical Formula Co., Chicago, Ill., and Dayton, Ohio.

EAGER TO MARRY HEIRESS—NURSE

BOSTON, Mass., April 9.—Swamped by the proposals of marriage by both mail and telephone, Helen Cudahy, daughter of the millionaire Chicago packer, who by choice has become a probationary nurse in a hospital here, today was practically a prisoner through her efforts to avoid being wed, yea or nay. "Will you marry me?" letters come in floods by every mail and Boston swains are so energetically using the telephone that Miss Cudahy will not answer a call until she knows that some admirer is not trying to whisper sweet nothings at the other end of the wire.

Sailors and the Albatross.

A remarkable and weird belief of seamen is that connected with the albatross. These huge birds, measuring 14 to 18 feet from tip to tip of their wings, are only to be seen in the stormy regions of the Capes of Good Hope and Horn and the surrounding latitudes. They follow ships for weeks at a time. The peculiar belief of old sailors credit these birds with possessing the souls of ancient mariners, who for their misdeeds have been doomed to scour these stormy regions for eternity.

TAKE SODA FOR ACID STOMACH, SOURNESS, GAS

A 10 grain Sodagen tablet, taken anytime, followed by a glass of water will instantly neutralize acidity; absorb gases, and sweeten the stomach, thus relieving indigestion without fail. Indigestion does not result from a lack of digestive juices as most folks believe, but from an excess of hydrochloric acid in the stomach, which retards digestion and starts food fermentation. Then our meals sour like garbage in a can, forming acid fluids and gases which inflate the stomach like a toy balloon producing a heavy, lumpy feeling in the chest, we eructate sour food, belch up gas or have flatulence, heartburn or nausea.

Any pharmacist can supply a package of these 10 grain Sodagen tablets and thousands of stomach sufferers will be able to eat without dread after ridding the digestive organs of excess acid this way, says a noted authority who further states that this Antacid is entirely harmless, being composed of Soda, Magnesia and Calcium Carbonate U. S. P.

The Kind You Have Always Bought.

THIS is the caution applied to the public announcement of Castoria has been manufactured under the supervision of Chas. H. Fletcher for over 30 years—the genuine Castoria. We respectfully call the attention of fathers and mothers when purchasing Castoria to see that the wrapper bears his signature in black. When the wrapper is removed the same signature appears on both sides of the bottle in red. Parents who have used Castoria for their little ones in the past years need no warning against counterfeits and imitations, but our present duty is to call the attention of the younger generation to the great danger of introducing into their families spurious medicine. It is to be regretted that there are people who are now engaged in the nefarious business of putting up and selling all sorts of substitutes, or who should more properly be termed counterfeiters, for medicinal preparations not only for adults, but worse yet, for children's medicines. It therefore devolves on the mother to scrutinize closely what she gives her child. Adults can do that for themselves, but the child has to rely on the mother's watchfulness. Genuine Castoria always bears the signature of Chas. H. Fletcher.

SIX PRECINCTS' RETURNS NOT IN

Four Wards and Two
Towns Have Not Re-
ported; Penalty May
Be Necessary

Four city wards and two towns
in La Crosse county had failed to
make the official returns of their
ballots to the county clerk up to
noon today according to the an-
nouncement of County Clerk Bert
Jolivet.

At eight o'clock tonight the time
limit of forty-eight hours will have
expired and persons responsible for
returns to the county clerk will be
facing penalties of from three to six
months in jail or fines of from \$100
to \$200.

County Clerk Jolivet today de-
clared that it is impossible to say
when the board of canvassers will be
called to make the official count ow-
ing to the delay in the returns but it
is probably that the count will be
made Saturday.

cause why a commission should not
be appointed to take the depositions
of the four condemned murderers. If
any justice of the supreme court re-
ceives such an order the execution
will in all probability be delayed un-
til after Monday.

Pathetic Figure on the Strand.

There is an old man who patrols
the streets of London daily in quest
of a vanished daughter. Few fre-
quenters of the Strand have failed to
observe him. He is a pathetic
figure, with his leggings, his top hat,
which has seen better days, and the
written placard which advertises to
the world his mission in life.—London

Iowa, formerly a teacher in the
Prairie du Chien high school, is the
guest of Miss Ruth Hall for a few
days. Miss Douglas is now teaching
in Fort Madison, Iowa.

Requisites of a Companion.

A companion to be interesting, ought
to bring new elements, and not be a
repetition of our own too familiar per-
sonality. We have enough of our-
selves in ourselves; we desire a com-
panion who will relieve us from the
bounds of our own thoughts, as a
neighbor opens his garden to us and
delivers us from our own hedges.—P
G. Hamilton.

Serenity Best.

Passion is out of place in any discus-
sion and more than ever in a right
cause, for it befores and bemuddles it.
—Gogol.

County Judge.

DOWAGER RULER OF JAPAN DIES

TOKIO, April 9.—After an ex-
tended illness from angina pectoris,
the Dowager Empress Haruko died
at Namazu today. Emperor Yoshi-
hito, the empress and other mem-
bers of the royal family were at the
bedside. The dowager empress was
born in 1850. Official announce-
ment of the death of the dowager
will not be made until the body is
transferred to the capital, in ac-
cordance with the Japanese custom.

HEART DISEASE FROM ACUTE INDIGESTION OFTEN FATAL

How often we read of some one
dying from heart disease as the re-
sult of acute indigestion after a hea-
rily meal. Impaired digestion is very
serious where the heart is weak, as
undigested food ferments and pro-
duces gases that press against the
heart, and if this organ is weakened
by chronic stomach trouble there is
grave danger of a fatal attack. Dr.
Flood's Scientific Stomach Remedy
removes the poisonous waste matter
from the stomach and intestines that
interferes with digestion so that
these dangerous gases do not form.
If you have any kind of stomach or
intestinal disorder do not put off re-
storing your health but commence
taking Dr. Flood's Scientific Stomach
Remedy today and feel better to-
morrow. This new treatment re-
moves the cause of your trouble
whereas ordinary dyspepsia tablets
only treat the symptoms. Your money
cheerfully refunded if it does not
do all that we claim for it. At
all druggists. If not, send to Dr.
Flood Remedy Co., Chicago. Refuse
substitutes. Sold and recommended
by Hoeschler Bros., and other drug-
gists.

CURIOUS CROWD IS DISAPPOINTED

Crowd Court Room for
Trials of Two Girls but
Case Is Postponed
Two Weeks

Between 100 and 150 curiosity
seekers filled the county court room
yesterday in anticipation of highly
sensational testimony in connection
with the case brought against "Jess"
Gibbons and Viola Atkinson.

For upwards of an hour, men, wo-
men, youth, working girls, high school
boys and factory employees jostled
their way into the court room,
scrambled for seats and patiently
waited for the commencement of the
trial.

As the judge ascended to his chair
silence fell over the room and then
while the spectators were waiting
developments with abated breath,
Judge Brindley announced an ad-
journment of two weeks.

The girls were given their free-
dom on a small bail furnished by
themselves for their reappearance.
Attorney William Wolfe who is de-
fending the girls, will probably call
for a jury trial.

REFUSES MILITIA TO HUNT SPEAKER

SPRINGFIELD, Ill., April 9.—
Gov. Dunne today told Illinois An-
tislavery league leaders that he would
not order out a company of state
militia to search for Louis R. Pat-
mont, dry worker, who disappeared
under mysterious circumstances at
Westville, a mining village south of
Danville, while engaged in a bitter
local option campaign. The govern-
or said he found no precedent for
such action.

Sheriff Shepard and a posse began
a search of ponds and swamps to-
day on the theory that Patmont may
have been murdered.

Patmont disappeared on March
31, a few hours before he was
scheduled to make a "dry" speech.

Softening Gold and Alloys.

Pure gold can be softened by heat-
ing it for four days at the boiling
point of water. At higher tempera-
ture it softens much more rapidly, tak-
ing but a few seconds at 400 degrees
F. It takes much longer to soften
alloys, however, and since gold and
silver coins are not pure metals, it
takes a considerable period for the
softening. It requires 575 degrees F.
for a period of sixteen days to soften
gold coins.

ROAD WORK WILL START ON MONDAY

First Job Tackled Will Be
the Grading in
Sand Lake
Coulee

The active road work of La Crosse county for 1914 will be started under the direction of County Highway Commissioner John Hintgen Easter Monday. According to the present plans of the commissioner the work will be commenced with grading in Sand Lake Coulee in the town of Onalaska. Wednesday a half dozen men and teams will be set to work surfacing on the state highway running through the city of Onalaska and Thursday another crew will start surfacing work on the state highway between Midway and Holmen in the town of Onalaska.

Mr. Hintgen today declared that the work will be pushed through as rapidly as possible and that the present season will see more improvements in roads in La Crosse county than ever before.

deporting Spaniards from Torreon, Gen. Villa is more determined than ever that the Spaniards must leave the rebel territory. Vigorous representations made by the United States department of state to the constitutional officials will be disregarded.

OWNERS WANT COTTON

Hundreds of car loads of cotton, seized by Villa at Torreon, and said for the most part to be the property of foreigners, chiefly Spaniards, will reach Juarez today. Owners will attempt to seize the cotton the moment it crosses the river, so their attorneys state.

At the constitutional headquarters in Juarez, it is said the cotton will be consigned to fiscal agents in Liverpool and sent through the United States in bond. While it is in bond it cannot be seized.

RESCUER DIES WITH FAMILY

PADUCAH, Ky., April 9.—Malon Ford, his wife and two children, were burned to death in their home near Rossington, this county, early today when their home caught fire from a kitchen stove. Ford died after making a heroic rescue of four children.

WASN'T SLAIN FROSH PAPERS WORE HIM OUT

EVANSTON, Ill., April 9.—That Professor Jackson B. McKinley, English instructor at Northwestern university, who "mysteriously disappeared" last Friday, only sought rest after correcting a stack of freshman English compositions, was the opinion of his friends today.

McKinley's brother, Frank, living in Marietta, Ohio, notified the university authorities today that he had received a telegram from the missing man, saying he was in New York on a brief visit, but not explaining his absence from his classes. The stack of corrected freshman themes were found in McKinley's office.

REVEAL DOUBLE LIFE RESPECTED HUSBAND AND FATHER SENTENCED TO A TERM OF 18 YEARS FOR ROBBERY

NEW YORK, April 9.—Convicted of first degree robbery, Edward Mendel, prominent Newark, N. J., business man, today was sentenced to 18 years at hard labor in Sing Sing, after evidence had been produced showing he had for years lived a "Jekyll and Hyde" existence. Mendel has a wife and two small children. Mrs. Mendel collapsed when sentence was pronounced.

Mendel was arrested on a charge preferred by Mrs. Pauline Koetzle. She said Mendel attempted to assault her. Unsuccessful, she declared, Mendel took her rings, tore her earrings off and was running away when a policeman, who had followed the couple, caught him. The jewels Mendel had taken were worth \$1,500.

At Mendel's trial several prominent ministers and business men from Newark testified to his good character. The defense was that Mendel was a victim of mistaken identity.

District Attorney Whitman told the court ten other women had identified Mendel as the man who had robbed them as he had robbed Mrs. Koetzle, but that they refused to testify, fearing notoriety.

TSCHARNER VISITS PARENTS

Postmaster William Tscharnier left for Alma today for a short visit with his parents.

INVESTIGATES RECENT FIGHT

Commissioner Walter H. Liginger Here Looking Into
to Redmond-Childs Bout
Which Was Stopped

Members of the La Crosse Athletic club and local newspapermen were interviewed today regarding the Redmond-Childs fight here last month, by Walter H. Liginger, of Milwaukee, of the state boxing commission. Mr. Liginger is investigating the case preparatory to the meeting of the commission April 23.

That the fighters will not be whitewashed is apparent from the statement of Mr. Liginger, who while he refused to forecast the action of the commission, said that Referee George Duffy, who stopped the bout here and referred the case to the commission, had been proved a reliable fight judge. He indicated that the commission had confidence in Duffy's judgment.

Officials of the local fight club have signified their approval of Duffy's action. E. J. Steinmetz, one of the promoters, said today:

If found guilty of illegal boxing, the state law permits the commission to bring the fighters into court and have them fined or sentenced to a term not exceeding one year in all. The commission can also refuse to permit a fighter to appear in bouts in the state, as was done with Pacey McFarland after he was found guilty of stalling in a Milwaukee fight.

ANOTHER "CURE" FOR WHITE PLAGUE

Chicago Chemist Gets Much
Advertising by Saying
Sulphur Gas Is
Specific

CINCINNATI, O., April 9.—An effective cure for tuberculosis in the earlier stages—simple inhalation of sulphurous acid gas, was the claimed discovery of Dr. Edward Gudeman, Chicago chemist, speaking before the annual convention of the American Chemical society today. He declared there would be a later announcement in which actual cures would be reported.

Ten cents worth of sulphur, Dr. Gudeman said, is all that is necessary for the treatment. The sulphurous acid treatment's ability to cure lies in its ability to kill germ life while at the same time having no effect on the tissues, he said. Fresh air and pure food treatment were recommended as essential in connection with the fumes. "For years sulphur has been burned to disinfect rooms in which there has been contagious disease," said Dr. Gudeman. "Its application to tuberculosis is on the same principle."

WILL CO-OPERATE IN RESERVE PROTEST

E. M. Wing, vice president of the Batavian National bank, announced today that the Batavian bank would co-operate with the Milwaukee Clearing house in its attempt to have the federal reserve division of Wisconsin changed.

"MOVIES" HOLD UP FUNERAL

ROCK ISLAND, Ill., April 9.—Strife between motion picture men and attendants at the funeral of Frederick K. Weyerhaeuser, multi-millionaire lumber king, today held up the funeral cortege for nearly an hour and for a time threatened a fist fight. The "movie" men finally evacuated and the procession moved on.

CHINESE BRIGANDS SLAUGHTER

PEKIN, April 9.—Brigands under the leadership of White Wolf raided the towns of Huhsein, Chowchin and Meisein, in the vicinity of Shan Fu, killing hundreds of persons, according to reports here today. The towns looted by the brigands are in Schemsi province.

ADMINISTRATION TO HAVE CONTROL

This Is Statement of B. F. Keeler in Regards to the
Woodmen State Convention

"Reports from all parts of the state are such that we can say positively that the administration Woodmen will control the state convention at Fond du Lac May first." This is the statement made today by B. F. Keeler, state deputy of the M. W. A. and the leader of the administration in the factional fight of the state.

Mr. Keeler has received reports of state delegate seats won at practically all of the county conventions but refused to divulge the number of seats won by either the administration or insurgents.

He predicted, however, that the administration will send a solid delegation of administration men to the national convention to represent the Wisconsin Woodmen. Wisconsin is entitled to twenty-five national delegates.

Another prominent administration Woodman of La Crosse today declared that according to latest reports the administration has captured 56 seats in the state convention and the insurgents 51. There are 121 seats in the state convention and these figures would leave 14 unknown. It is probable however that there are this number of delegates who it will be impossible for either side to claim until the state convention is called.

CLOSING ORDER BRINGS RESULTS

Smith's Place on Salem
Road for Sale After Town
Votes to Close at
12 O'Clock

Results have been secured by the 12 o'clock closing law for saloons and dance halls passed at the town of Campbell meeting Tuesday.

Today C. J. Smith, proprietor of "Smith's Place," a resort four miles out of the city on the South Salem road, inserted the following "ad" in local papers:

"FOR SALE—The Four mile house, South Salem road, including furniture and fixtures. Inquire C. J. Smith."

Smith is not the only one who has seen the handwriting on the wall and it is understood, several other proprietors are seeking to sell their places, fold their tents and "silently steal away."

FORMER CHIEF IS JANITOR OF CELLS

STILLWATER, Minn., April 9.—Martin J. Flanagan, former police official of St. Paul, convicted of bribery, was put to work in the state prison here this morning as janitor of the cell house in the old prison building. His duty is to sweep, mop, and take care of the cells occupied by many men whom he aided in sending to prison during the time he was a deputy sheriff and police officer. Fred Turner, convicted with Flanagan, was put to work in the farm machinery factory.

DIES AS HER BAR IS VOTED OUT

CHICAGO, April 9.—While a count of the ballots in the Desplaines township local option contest was establishing the fact that her little saloon had been voted out of business, Mrs. Fred Thoma, septuagenarian, and keeper of a tavern for thirty-five years, passed away. Ill for several days Mrs. Thoma lay unconscious on Tuesday while the votes were being cast.

CONVICT BANK SLAYER

NORDEN, Manitoba, April 9.—John Krafchenko, noted throughout Canada as one of the boldest bandits in the history of the dominion, was today found guilty of holding up the Branch bank of Montreal at Plum Coulee, Manitoba, December 3, 1913, and murdering Manager Arnold. The trial lasted three weeks. Krafchenko escaped twice from officers after murdering Arnold and each time was recaptured after thrilling chases.

SMOKE COSTS \$162.51

MINNEAPOLIS, Minn., April 9.—L. B. Knudson, a jurymen in municipal court here, found out today that a cigar he smoked yesterday cost the county \$162.51. The cigar was handed him by an attorney interested in the case on trial and when a verdict was rendered for the opposite side a new trial was ordered.

MADISON "DRYS" PROBE ELECTION

MADISON, Wis., April 9.—Legal action is extremely likely to follow the victory of the saloon men in the no-license election held last Tuesday. The Madison Dry league has retained attorneys and has started an investigation of the methods by which the election was won. Enough evidence has already been secured to start proceedings and further work on the lists is expected to show startling frauds.

DOCTOR SAID THIS BABY MUST DIE

When sending this picture of her baby, Mrs. Britt of Athol, Mass., said: "The doctor told me that my baby would not live, but I gave him Father John's Medicine and now he is well and strong. The medicine made him eat well and gave him strength to walk." Mrs. Britt lives at 283 Kennebunk street, Athol, Mass. Mothers should remember that Father John's Medicine is a safe medicine to give their children, because it is free from alcohol or dangerous drugs. It is pure and nourishing and will build up the little ones in the natural way.

MIND IS LOST FOLLOWING FALL

W. S. Jamesson, for Many
Years Truant Officer, Is
Sent to Asylum This
Morning

His mind almost a blank, following a severe fall recently, William S. Jamesson, 908 Mill street, for many years truant officer here, was this morning committed to the state hospital at Mendota.

A short time ago Mr. Jamesson slipped and fell. His head struck the ground and he was dazed. He was ill for some time but gradually regained strength sufficient to move about.

With the recovery of his physical powers came no return of his mental. He at times failed to recognize the friends with whom he had been associated for years and appeared to have lost all trace of events prior to the fall, although at times he was rational.

Mr. Jamesson is a member of the G. A. R.

THEY VOTED TOO SOON

NUMBER OF GIRLS IN ILLINOIS
TOWN THOUGHT THEY COULD
VOTE AT 18—WETS
PLAN FIGHT

BELVIDERE, Ill., April 9.—Following discovery that a number of girls under 21 years of age voted in the local option election here Tuesday under the impression that if they were over 18 they had the right to vote, wet leaders today prepared to file a petition in county court, contesting the result of the election which gave Belvidere to the dries by a scant majority of 38.

Dry leaders admitted today that several girls between the ages of 18 and 21 voted under the impression that they were entitled to the ballot, but say the number was not large enough to knock out their victory. Investigators for the wets, however, reported that they had names of 123 girls who voted though not of age and that further inquiry would turn up at least 125 more.

The fate of 24 saloons hangs on the result of the contest.

Want Dry Chicago
CHICAGO, April 9.—County option for Illinois and a dry Chicago were predicted by anti-saloon leaders here today as the result of their sweeping victories in Tuesday's elections when women voted for the first time on the temperance question.

Chicago anti-saloon men will meet at the Hotel La Salle on Monday. It is possible that they will decide to submit the liquor question to a vote of Chicago electors at the mayoralty election next April.

Jokers pointed out today that while the anti-saloon league men were speeding up their plans for a dry Chicago, plans for building a 90 mile concrete roadway from Chicago to Milwaukee were being rushed to completion.

Practically complete returns today show that twenty-two Illinois counties went into the dry column as the result of Tuesday's elections in Illinois, giving the dries a total of 52 dry counties, one more than half the number in the state.

CELEBRATE END OF CIVIL WAR TODAY

WASHINGTON, April 9.—Joint informal celebrations were planned here today and this evening by veterans of the Confederate and Federal armies of the Civil war. The great struggle officially ended just forty-nine years ago today when General Robert E. Lee surrendered at Appomattox. Many "information bivouacs" were planned for today and this evening by a dozen military organizations.

SHOOTS LOVER WHO HAD GROWN COLD

Woman Severely Wounds
President of St. Louis
Clothing Manufacturing Firm

ST. LOUIS, Mo., April 9.—Mrs. Etta Cook, a handsome divorcee, walked into the dental office of Drs. H. Unterberg and George S. Sherman, Frisco building at noon today, fired two shots from a revolver at Carl Strauss, president of the Meyer, Strauss & Rauh Clothing company. One bullet entered Strauss' back. He was said to be badly wounded and was taken to St. John's hospital.

Mrs. Cook told the police she was 40 years old and lived with her mother. She was held at Central district police station.

Strauss was one of the men who escaped from the Missouri Athletic club fire. He told the police he had been shot by a woman he did not know.

The woman told the police that she had known Strauss seven years "and in that time have traveled about the country with him."

Then, she explained, he tried to ignore her, seeming to tire of her association.

SHERIFF'S GUARD FOILS "MOVIES"

Deputies Needed to Protect
Funeral of Weyerhaeuser
from Reproduction in
Films

ROCK ISLAND, Ill., April 9.—With three deputy sheriffs present, the funeral of the late Frederick Weyerhaeuser was held today, minus the attendance of several moving picture men whose presence had previously threatened to interfere with the rite.

Discovery of the intention of the motion picture men was made by members of the family early today when the photographers trooped up to the former residence of the late lumber king. Ordered away, they stationed themselves in an advantageous point in the burial grounds of the family and began operations.

The deputies then came in. Their entrance was the cue for quick disappearance on the part of the movie men and the funeral procession started.

Services of the late lumber magnate were unostentatious, with only the relatives, a few of the companions of Weyerhaeuser's youth and fifty of his business associates from Duluth and the timber district present. Services at the home were private. During the funeral the industries under the Weyerhaeuser control suspended operations.

ST. LOUIS WANTS NUDE STATUES

ST. LOUIS, April 9.—The Mound City is naughty. The Woman's Protective league today said so, and all because a design for a fountain at the Central Public library includes two nude figures of girls. According to the W. P. L. "children and young people will congregate around the fountain and remarks made in their hearing by men will not be for the best interests of our civilization."

This is the second time the question whether nude figures should be permitted on statues in public parks has shaken St. Louis. Last spring a controversy arose over the nude figure on a monument of the German-American journalists, Pretorius, Schurz and Daenzer, entitled the "Naked Truth" but the design was finally accepted after many weeks of heated discussion. Miss Nancy Coonsman, whose design for the fountain was accepted, insists that some people do not appreciate art.

"COMMONPLACE" NEIGHBORS

CLEVELAND, Ohio, April 9.—Workmen were busy today marking off the building lots on a forty acre tract adjoining the Forest Hill estate of John D. Rockefeller. Before long a small city of little homes will spring up and the richest man in the world—if he returns to Ohio despite tax commissioners—will have a horde of just common folk for neighbors. The tract was sold to a land company several weeks ago for \$250,000. Modest homes are to be erected at once.

REPUBLICANS GET TOGETHER

CHICAGO, April 9.—Prominent republicans from all sections of the middle west were expected to attend the big get together meeting and dinner to be held tonight in the Medinah temple under the auspices of the Hamilton club. Special invitations to the dinner were sent to all women voters of the state, and many of the fair voters are expected to attend. Among some of the prominent republicans who have promised to attend and speak are: Speaker A. B. Cummings of Iowa, Governor John K. Tener of Pennsylvania, Congressman James Manahan of St. Paul, Congressman Simon D. Fess of Yellow Springs, Ohio, and District Attorney Charles S. Whitman of New York.

SCHINNER SEATTLE BISHOP

MILWAUKEE, Wis., April 9.—Official announcement was made here today of the appointment of Right Rev. A. F. Schinner to be bishop of Seattle. His diocese has not been outlined as yet. The new prelate was at one time bishop of Superior.

ATHLETIC BALL ON SEVENTEENTH

Elaborate Preparations to
Be Made for Big Social
Event of the
Year

The Websterian and Eclectic Debating societies of the normal school have made arrangements to hold their annual banquet at one of the local hotels on the twenty-fourth of this month. Fred Reimers of the Eclectic has been chosen toastmaster for the occasion and Mr. Thompson, the debating coach, will be the guest of honor. Each society will have a number of speakers on the program after the banquet. Those who will speak for the Websterian are Lawrence Brody, Owen Snodgrass, Ivan Swancutt, Harold Plummer and Russell Webb. Arthur Euler and William Wagner will make speeches for the Eclectic.

Athletes to Give Ball

The annual athletic association ball of the normal school will be held on the 17th of this month. The ball will be one of the most elaborate of its kind held at the normal school during the school year. Special music, refreshments and elaborate decorations will outclass all previous attempts of this kind. The proceeds of the dance will go to make up the deficit in the association treasury.

Coach Carter has announced strenuous outdoor work for the baseball squad soon after the spring vacation closes in preparation for the hard games scheduled. A lot of promising material is out for the team among whom are George Layman of last year's W. B. U. Athletes; Elmer Wachter, who caught for the fast semi-pro team at Prairie du Chien for the last two years; Ralph Immell, who comes from the home of baseball, Blair; George Oliver, who played with the Galesville city team last year, and Charles Coburn from West Salem. Besides these men, Lawtop, Holthaus, Christianson, Saubert, and Wolfe of last year's team will be out for the team. A tentative schedule has been prepared by Coach Carter as follows:

May 2—St. Mary's College, Winona at La Crosse.
May 9—Campion College at Prairie du Chien.
May 15—Platteville normal at La Crosse.
May 22—Two games with River Falls normal.
May 24—Stout Institute at Menominee.
June 5—River Falls at La Crosse. Games are pending with several of the high schools in this part of the state but no word has been definitely had from any but the locals and it is expected that two games will be played with them.

No Spring Football
The matter of spring football was taken up by Captain-elect Sorgel at the last business meeting of the normal athletic association meeting but it was decided that owing to the fact that there was no certainty of the men of this year's team returning such training would be of no avail. It is expected that the local school will have an excellent team next year as Sorgel, Strum, Wachter, Byers, Immell, Holthaus, Evans, Oliver, Dickens, Wolfe and Downey of this year's team will return and it is expected that the physical education course will attract a lot of good material to the local school. Several of the men who played on the Stout team here last fall are coming to La Crosse next year as well as several men from Stevens Point and Platteville. The usual amount of promising material from the nearby high schools will also be counted on. Games tentatively scheduled up to date are as follows:

October 10—St. Mary's at Winona.
October 17—Stevens Point normal at La Crosse.
October 24—Stout Training school at Menominee.
November 6—River Falls at River Falls.
November 21—Platteville at La Crosse.
November 26—La Crosse high school at La Crosse.

HONOR SEEKS MAN

CHICAGO, April 9.—Sherman M. Booth, wealthy lawyer, whose wife is prominent in Illinois suffrage affairs, discovered today that he was elected dog catcher and poundmaster of the suburban village of New Trier, where he lives. In Tuesday's halcyon, neither of the old parties having nominated a dog catcher, a score of Booth's friends wrote his name in on the progressive ticket.

SOCIALIST HOAN CITY ATTORNEY

Defeats W. H. Timlin, Non-partisan, in Close Milwaukee Election Complete Returns Show

REPUDIATE HARRY W. BOLENS

Democratic Standpat Leader Turned Down by Own Citizens in Race for Mayor

MILWAUKEE, Wis., April 9.—Complete returns show Daniel W. Hoan, socialist, re-elected city attorney over W. H. Timlin, non-partisan, in the municipal election here. The final returns give him 32,462 to Timlin's 31,936 and is one of the best examples of independent voting.

Bading's lead over Emil Seidel, socialist, for mayor, is 8,554, the former receiving 37,701 and the latter 29,147.

Carney, non-partisan for city clerk, beat Whitnall, socialist, by 36,394 to 28,417.

Kotecki, non-partisan, received 37,418 for city comptroller, and Dietz, socialist, got 27,559.

Bohens is Repudiated

PORT WASHINGTON, Wis., April 9.—Final returns here show Harry W. Bohens, standpat democratic state leader and twice repudiated candidate for lieutenant governor, decisively beaten in the race for mayor. Bohens has held the position and went down before John Kaiser, Jr., the vote being Kaiser, 444; Bohens, 133, and E. B. Bostwick, the third candidate, 118.

BLAMES GIRLS FOR IMMORAL THOUGHTS

APPLETON, Wis., April 9.—

Few of the young women who paraded the streets of Appleton last Sunday would be models as the companions of young men, according to the Rev. W. P. Pearce, Baptist minister who has delivered two sermons on the "company question."

Speaking of modesty, the pastor warned girls to be as careful in dress as in speech.

"When a young woman exposes part of her person, or wears garments which reveal the outlines of her form, consciously or unconsciously," said the speaker, "she is creating immoral thoughts, lecherous eyes and depraved hearts among the opposite sex."

Epigram Worth Heeding.

Joubert, the great maker of exquisite epigrams, wrote many on friendship. As he was a man of many friends, and never lost one, his wise sayings may be taken as the flowers of his experience. One of the best of them is: "When my friend is blind in one eye, I look at him in profile." If we keep this suggestion in mind, perhaps we shall make and keep friends as Joubert did.

Woodpecker's Tattoo.

Heard a woodpecker tapping the tree in the high woods. How strangely he is constructed! If we chopped our teeth on a stick loud enough to be heard a hundred feet off, at the end of an hour our jaws and gums would be so sore we could not bear it. But the woodpecker seems to suffer no inconvenience.

WRITE STORIES FOR MOVING PICTURE PLAYS

New, Spare-time Profession for Men and Women—One Man Makes \$3,500 in Six Months

Owing to the large number of new motion picture theaters which are being opened throughout the country, there is offered to the men and women of today, a new profession, namely, that of writing moving picture plays. Producers are paying from \$25 to \$150 for each scenario accepted, upon which they can build a photo play.

\$3,500 in Six Months

As it only requires a few hours' time to construct a complete play, you can readily see the immense possibilities in this work. One man, who gave the idea a tryout, writes that he earned \$3,500 in six months. It is possible for an intelligent person to meet with equal success.

One feature of the business which should appeal to everyone, is that the work may be done at home in spare time. No literary ability is required and women have as great an opportunity as men. Ideas for plots are constantly turning up, and may be put in scenario form and sold for a good price.

BANKERS PROTEST RESERVE DIVISION

MILWAUKEE, Wis., April 9.—Protesting against the action of the reserve bank organization committee in dividing the state of Wisconsin so that more than half of the territory goes to the regional reserve bank at Minneapolis instead of allowing the business to go through the regular channels followed for years past, the Milwaukee Clearing House association has adopted resolutions which are to be presented to the reserve bank organization committee. They want to go to Chicago.

Colombian Treaty and Other Arbitration Agreements Strongly Opposed in Senate

WASHINGTON, April 9.—That the proposed new treaty with Colombia, under the terms of which this government would practically assume responsibility for the Panama revolution, will never be ratified, was the opinion of leading senators today. There was also a general belief that the administration would have trouble carrying out any of the provisions of the Wilson-Bryan elaborate plan for a general settlement of all troubles with sister nations.

The senate committee on foreign relations has practically rejected the treaty recently negotiated with Denmark. Secretary Bryan has been told that under it questions of national honor would have to be arbitrated and that the senate will never accede to such a proposition.

There have been signed and now await ratification similar treaties with Argentine and Chile. France and Great Britain are considering proposals for similar treaties. That they are eventually doomed to failure is the belief of leading senators.

The chief opposition is the belief that the proposed treaties are so loosely drawn that, as in the case of the now bitterly controverted Hay-Pauncefote document, they could be construed to the detriment of the United States.

The proposed Colombian treaty is still kept secret by the state department. It is declared, however, that it pledges this government to pay Colombia \$25,000,000 indemnity for the loss of what is now the republic of Panama; readjusts the Colombian boundary at the Panama line, practically promises that this government will exert pressure to bring Panama into friendly relations with Colombia and grants certain concessions to Colombia in connection with Panama canal traffic.

HUMANE OFFICER CAUSES ARRESTS

School Supply Salesmen Are Arrested and Fined at Sparta for Cruelty to Horses

SPARTA, Wis., April 9.—C. J. Horn of Indianapolis and C. F. Bel-field of Chicago, traveling salesmen handling school supplies, were arrested Wednesday on complaint by Humane Officer George W. Mannel on the charge of driving a team and failing to provide proper food, water and shelter for the horses. The team was one from the W. A. Hemstock livery. The warrant was issued by Justice S. T. Lamson and delivered to the police for service, and the pair were brought before Justice Lamson for trial Wednesday morning. They were found guilty and a fine of \$10 and costs assessed against each, which they paid, and were discharged.

Cash Drawer Found

The cash drawer in which \$400 in cash was taken from the safe in the Wakeman Brothers store, was found yesterday afternoon in the basement of the store building, secreted under a box of hay, near the door where the yeggs made their escape. A tramp at the Northwestern depot yesterday aroused suspicion, and was compelled to undergo a search at the hands of the authorities. The search, however, revealed nothing wrong in his possession. At a late hour last night no clew to the burglar had been found.

Meeting of New Council

The new council will have an informal business meeting in the office of Mayor McMillan tomorrow evening. The new council will hold its first regular meeting April 21, at which time the old council will hold its last meeting and wind up its business affairs. Government will then be in the hands of the new council, and the new committees will be announced at that time.

High School Contest

The junior-senior oratorical contest to decide the best speaker in the two upper classes, and the boys' free for all oratorical to decide on who shall represent this school in the district contest to be held April 24, were both held in the high school this afternoon during the last two periods. The high school has already held several contests of this nature this year. The first one was the extemporaneous speaking contest held March 12, in which Malcolm McCoy took first place. The freshmen-sophomore girls declamatory contest was won by Lorna Axtell of the sophomore class. In the girls' free for all declamatory contest held last Monday evening to decide who shall represent this city in the district declamatory contest, Miss Ruth Jewett of the junior class was victorious.

HUNT ROUNDER FOR CAFE MURDER

Mysterious Figure in Chicago Tenderloin Killed and Police Hunt Missing Couple

CHICAGO, April 9.—"Duffy the Goat," sdon of a wealthy and respectable Chicago family, but for several years a well known figure in the Tenderloin district, is being sought by the police today to unravel a mysterious murder near a notorious redlight district cafe shortly before midnight.

The body of a man, known to cafe frequenters only as "Woodsey," the man from California," lies in a morgue, a bullet through his heart. A pretty woman is missing, and also being sought by the police.

According to fragmentary stories told the police, "Duffy the Goat," whose real name is James Franchise, entered Roy Jones' last night with "Woodsey" and the pretty woman. Presently there was a quarrel.

The party went outside, waiters said. A minute later the woman rushed into the cafe and shouted that "Woodsey" was dying. A porter carried the wounded man into the cafe and called the police, but he died enroute to the county hospital. The woman and "Duffy the Goat" disappeared.

Post Mortems (BY HAL SHERIDAN.)

NEW YORK, April 9.—As the Giants wing along northward the shut-out habit appears to be growing on them while the Athletics again tumbled to defeat by having an eighth-inning rally suddenly pulled on them by the Dodgers.

Mud and rain did not lend much encouragement to the Giants at Mobile yesterday, but Al Demaree shut out his old Southern association team 3 to 0 in seven innings. It was the third straight whitewash the Giants have administered to Dixie teams and they have not been scored on in twenty-five innings. Three double plays were pulled off against Mobile.

The Dodgers and Athletics shivered through nine innings at Ebbets field, making a collection of only three hits each. Young Durning blew up at the finish at the Mackian crew, however, and Brooklyn eased over two runs in the eighth and one in the ninth, which gave them the edge. Bullet Joe Bush retired the Dodgers in order in four of the five innings he pitched. Daubert was the only man to reach first. Jake scratched a single through Baker.

Feds Pick on Browns
George Stovall is said to be giving Colonel Hedges, owner of the St. Louis Browns something to worry over in dickering with his players and endeavoring to get them to jump to the Federals. Evidently the Federals do not care who they pick on, when the speed of the Browns last year is recalled.

Chip Careless
Who's McCoy? Not in years has a fighter bobbed up so suddenly as did Al McCoy when he handed Geo. Chip, middleweight championship claimant, the K. O. in Brooklyn and the question may be answered thus: McCoy is known in family circles as Albert Rudolph. He is a German and about 22 years old. He has been fighting about five years, has never been knocked out, but has often been outpointed. Mike Gibbons made him look like a Mexican Peso shot full of holes by General Villa.

He fights with his right foot forward and right hand extended doing the heavy firing with his left. Chip went down to defeat much in the same manner as did McCoy before Jack McCormick, when at the height of his fame. The kid rushed in just as did Chip, overconfident, facing something easy and throwing his guard wide open in warring to administer the knockout. Zowie! And the fight was over. When Kid McCoy met McCormick again he nearly killed him. Whether this story will be repeated with reverse English for this McCoy will be settled later.

CHIP AND M'COY TO CLASH AGAIN

NEW YORK, April 9.—Al McCoy, the new middleweight champion, who knocked out George Chip with a punch in Brooklyn Tuesday night, on Wednesday agreed to meet the man he vanquished in a return match on April 28, according to Jimmy Dime, manager of Chip.

Dime declared McCoy would meet Chip for ten rounds at the Broadway Sporting club in Brooklyn, the scene of Tuesday night's battle. He asserts that Jack Dougherty, McCoy's manager, agreed to the contest. Final arrangements for the bout are expected to be made soon.

For last night's fight Chip got just \$800.

BIG LEAGUES TO BATTLE WITH FANS

Federal League Dates Conflict About Evenly with National and American League

CHICAGO, April 9.—Federal league magnates played no favorite in arranging their season playing schedule, conflicting on about an equal number of days with the National and American league clubs in Chicago and St. Louis, where each of the three leagues is represented. This fact became known when the third league made public its 1914 schedule today.

The St. Louis Federals will fight for patronage in thirty-six games while the St. Louis Americans are entertaining visitors on their home lot on the same afternoons. Their playing schedule conflicts with that of the St. Louis Nationals in thirty-two games in St. Louis. The Federals have no patronage fights with the National league team on any holiday date but will buck the Browns on Decoration day.

In Chicago Comiskey's American leaguers have a slight edge on the Cubs in the matter of date conflicts. The Chifeds' home schedule conflicts with that of the Cubs on thirty occasions, including Decoration day. The White Sox and Feds have thirty-two conflicts during the season in home games, none of them on holiday dates.

On May 10, July 5 and September 12, Chicago fans can take their pick of all three ball parks.

In Pittsburgh, the Pittsburgh Federals and the Pirates will split the crowds on thirty afternoons, including the Fourth of July double header. The Brooklyn Federals and the Dodgers are to compete for the fans' coin on thirty-two afternoons.

Though no statement was forthcoming at Federal league headquarters here it is obvious that the Federal schedule is arranged with a view to bringing about a minimum of date conflicts.

RUBE WADDELL HELD STRIKEOUT RECORD

Rube Waddell has passed, but in the records of modern big league baseball he has left them all something to shoot at.

In 1904, working with Philadelphia, Rube struck out 343 batsmen, which tops Johnson's best mark by thirty points. Johnson, running second, compiled 313 strikeouts in 1910. It will be a long time before anyone passes Waddell's mark. Rube was the strikeout mandarin. He whiffed sixteen of the Athletics in 1908, and no one has ever passed that mark in Ban's corral. Johnson had one of his greatest seasons last year, but in fanning 243 men he was still an even hundred back of the vanished left hander. It will be a long stretch of time before anyone crases Rube's record of 343 strikeouts—or before anyone bangs sixteen whiffs upon the Mackian clan.

WILSONS TAKE HOLIDAY

WASHINGTON, April 9.—President and Mrs. Wilson will leave here tonight for White Sulphur Springs, Va., for the Easter holidays. The president will stay there, resting, until early next week, but Mrs. Wilson will likely remain a fortnight until she fully recovers her health.

"Penny Wise, Pound Foolish."

We heard on the street the other day of a man who claimed he was too poor to take his home paper, but all the same he read a notice in one of our county papers, telling how to prevent a horse from slobbering, and sent for the recipe. When the \$1.50 worth of information came it said: "Teach your horse how to spit."—Spencer (Ore.) Journal.

FANATICAL FANCIES

It was all because Charlie Lavine didn't have anything more substantial than a verbal agreement with Joe Welling that the clever lightweight is now on the Pacific en route to Australia in Snowy Baker's stable. The story of the fighter's parting with his manager will be of interest to the ring followers of the city. Snowy Baker dropped into O'Connell's gym in Chicago one afternoon early in March. One of the boys working out there at the time was Welling. The Antipodes impresario was so strongly impressed with Joe's ability that he opened negotiations on the spot. Welling was open to argument, and within an hour had signed with Baker for a tour of the British colony. Lavine was in Racine at the time. When he came back next day he found a letter from Welling, bidding him farewell. Joe by that time was somewhere around Omaha and going west.

A new class of fighters will be introduced to La Crosse at the next card, when Fritz Joelson and Young Ed Foy meet for six rounds. The boys are 115 pounders and both are local products. They have been boxing as amateurs for some time. Both are clever. Their ring debut will be a whirlwind affair.

The previously unsung Al McCoy laid George Chip, middleweight title claimant, away in the first round at New York Monday night. He chipped Chip on the chin, and knocked a chip out of his reputation.

The Federal league is making an additional characteristic of the expert ball player.

A local paper says that a Tomah man is in a serious condition "as the result of injuries he received when he fell off the wagon on his way home from town." 'Twas ever thus.

To managers seeking a pinch hitter we would recommend Mrs. James Clabby, pugilist, who recently mugged up a brace of cops who wanted to lead him to the calaboose.

PLAYER DICTATES TO THE MANAGERS

ATLANTA, Ga., April 9.—Chances that Pitcher Tom Seaton will play with the Brooklyn Feds looked exceedingly slim when the Chicago Federals hove in here today, enroute to Knoxville, Tenn., young Walter Ward of the Brooklyn club having turned down Seaton's offer to prevent threatened trouble by playing with Brooklyn for one year.

Seaton, who had made all preparations to depart for the Brooklyn Federals' training camp, expressed himself as considerably peeved today and intimated that he will play with the Chicago Federals or with no Federal league club at all, suggesting that his return to the Phillies is not out of the question. President Weeghman of the Chicago Federals wired Manager Tinker that he will meet the team in Knoxville tonight and endeavor to reach a final settlement of the Seaton affair.

HEBREW WANTS MORE MILWAUKEE WATER

Bob Moha will probably be in a position to give Battling Levinsky another attack of gastritis in the near future as a Buffalo club has offered him another bout with the eastern Hebrew and the wild man will probably accept. The club has offered Fair Roberts three bouts, the first with Levinsky and the other two with high class middleweights. Bob has been training in a business like way lately and says he is in excellent trim.

Look Always to New Day.

Finish every day and be done with it. You have done what you could. Some blunders and absurdities crept in. Forget them as soon as you can. Tomorrow is a new day. You shall begin it well and serenely, and with too high a spirit to be encumbered with your old nonsense.—Emerson.

THE GOOD JUDGE AND THE MINER

Of course it's different! Why, "Right-Cut" gives you satisfaction and comfort like you never knew there could be in tobacco.

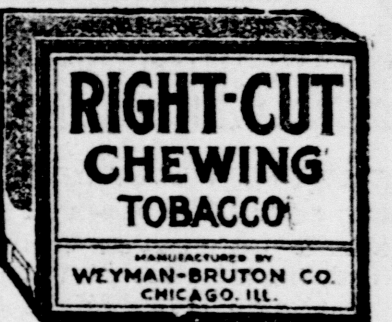

It's the Real Tobacco Chew. Pure, rich, sappy, mellow tobacco—seasoned and sweetened just enough.

Different in cut, too. A ready chew—short-shred, cut fine. The flavor comes along easy and steady-like. A fine thing that—more convenient, no bulgy wad in your cheek.

The Real Tobacco Chew
10 Cents a Pouch

ASK your dealer today. If he doesn't sell "Right-Cut," send us 10 cents in stamps. We'll send you a pouch.

We guarantee it to be pure chewing tobacco and better than the old kind.

CHICAGO.—"No man is forced to live with his wife's cats," said Judge Uhler, dismissing a charge of abandonment against Daniel Lynch, who left home because his wife kept eight kittens.

Police Chief's Pocket Picked

TOLEDO, O.—Police Chief Geo. A. Murphy reported publicly to his own department that he had his pocket picked of \$14 in cash on a street car.

Half a Kidney Plenty

CINCINNATI, O.—State surgeons in conference here were told by Dr. Martin Fisher that humans may live with but half a kidney working.

LOCAL PLANT NOT AFFECTED BY RULE

State Sanitary Board Member Assures Boyd that Is Not for Government Supervised Houses

Andrew Boyd of the Langdon and Boyd packing company today was notified by the Wisconsin Livestock Sanitary board that the new ruling of the state board of health—which prevents the slaughtering of diseased animals in slaughter houses where meat is packed for human consumption—does not apply to government supervised plants such as the local institution. "It merely concerns municipal and county abattoirs wherever they exist," says the letter.

HARVARD CHARACTER DIES

CAMBRIDGE, Mass., April 9.—Austin K. Jones—"Jonesy"—who for half a century rang the chapel bell in Harvard hall, without missing a stroke, is being mourned today by three generations of Harvard men.

Pleasure's Limitations.

Pleasure is medicine to some and under proper conditions is conducive to health and happiness. Pleasure in itself, and when made the only end in life, is a peril.

Dealing With an Affront.

The dull world has got the wrong phrase; it is he who resents an affront who pockets it; he who takes no notice lets it lie in the dirt.—George Macdonald.

FOREIGN MARKETS

New York Stocks

NEW YORK, April 9.-There was a moderate volume of activity at the stock market opening but the price changes, which were small, did not disclose any definite tendency. Steel was off 1/4 at 62 1/2, the lowest for some time. New Haven opened 3/4 down at 68 1/2 and fell to 67 1/2 in a few minutes.

11 a. m.-There was an increase of selling pressure by the end of the first hour causing an irregular de-cline but the undertone continued fairly good. Katy was weak, selling down to 14 1/4, a new low record. Canadian Pacific was heavily liquidated and sank to a new low record for recent years. Most of the selling seemed to come from Canada.

Noon.-There was little that was inspiring during the market's second hour, trading being very light and inconclusive. There was some heavy selling pressure on Steel not only by way of discounting an unfavorable tonnage statement, but in anticipa-tion of reduction of the dividend un-less trade conditions improve decid-edly in the near future.

2 p. m.-The market was practi-cally at a standstill during the early afternoon, the single feature be-ing the continuous pressure on Steel. So complete was the lack of oppor-tunity, many traders left early not to return until Monday.

Canadian Pacific showed some ten-dency to rally, the effect of London buying being to offset that of sell-ing by Montreal and other dominion cities.

Business was light at the close and prices showed no tendency to rally.

Sad Case Indeed.

A rural correspondent of an ex-change, reporting the disappearance of a citizen who had his head hurt, says: "It is believed that owing to the head trouble he is suffering from an abbreviation of the mind and has either wandered away, unable to give any account of himself, or that he has made away with himself while suffering from his mental condition. The case is a sad one, and every ef-fort is being made to relieve the sus-pense to his family as to his where-about."

Good Will Toward All.

How admirable is he who does such grace to his own nature that he will never meet any man with ready-provided suspicion. He carries toward mankind that presumption of inno-cence which never ceases to be surprised at the spectacle of mean-ness and malignity.-David Wasson.

World's Debt to Humphrey Davy.

Humphrey Davy, a poor apprentice to a country chemist, was born at Penzance, England, 1778. He became the most eminent scientist of his day. He made the safety lamps now used in coal mines. And just before his death in 1829 gave us the electric light. Davy made his first experi-ments in candle light. Today the light known as Barnegat light, off the New Jersey coast, is equal to 30,000,000 candles.

Raze-He's crazy about his wife.

PAGE INCIDENT CLOSED
WASHINGTON, April 9.—The Panama canal speech of Ambassador

age at London is a "closed incident," members of the senate and house foreign relations committees

stated today. Some criticism in debate of Page's remarks is expected, but no action in congress is contemplated.

DR. MAYO TOASTMASTER

NEW YORK, April 9.—New York Fellows of the American Surgical society met today at the Hotel Biltmore. At a dinner tonight Dr. William J. Mayo, the famous surgeon of Rochester, Minn., will preside.

Proper Treatment of Plants.

Plants should be kept as near the light as possible, and those that are at the sides or back of a room should be constantly turned and interchanged. Palms and some other plants derive much benefit from being repotted. It is advisable to let a florist do this, as he understands and has ready the different kinds of soil suitable for his various "patients."

EXCLUSION BILL WAITS
WASHINGTON, April 9.—Consideration of Asiatic exclusion legislation before the immigration committee was postponed today until next week because of the absence of Chairman Burnett from the city.

Just One Application and Ugly Hairs Vanish

(Modes of Today.) Here is a simple treatment for removing ugly hairs. It is painless, requires little time and can be used in the privacy of your home: Get some powdered delatone and with water mix enough paste to cover the objectionable hairs. Apply for 2 or 3 minutes, then rub off, wash the skin, and it will be left soft, clear and hairless. This method is inexpensive and entirely harmless, but be sure to get delatone or the result may be disappointing.

JUSTUS RATHBURN BURIED AT TOMAH

Was Pioneer Resident of City, Coming to Monroe County in the Year 1856

TOMAH, Wis., April 9.—The funeral of the late Justus F. Rathbun was held Wednesday afternoon from his late residence on Glendale avenue and was largely attended. Rev. W. D. Bancroft of the Baptist church officiated. The interment was made at Oak Grove cemetery. Mr. Rathbun was one of the oldest residents of this city, having lived here since 1856. He was born in New York state September 27, 1832, and came with his father to Wisconsin in 1851, settling near Leon and Sparta. His wife, formerly Miss Lucy Ann Walker, a daughter of Alvin Walker, who also came to this section in 1855, survives him. For a number of years Mr. Rathbun was one of Tomah's successful merchants. He was of a genial disposition and was fair and honorable in his methods of business, but owing to his old age he has been retired for some years. He leaves a large circle of friends and acquaintances to mourn his loss.

The Carroll Glee club entertained the people of Tomah Wednesday evening with a concert. The Armory was well filled and the audience fully appreciated the music. The proceeds were donated to the Methodist Episcopal church.

The ladies of the Baptist church gave a supper at the parsonage on Wednesday evening which was well patronized.

Mrs. John Bertrand, Jr., of Mather, visited in Tomah Wednesday and Thursday.

Emil Protz, saloon keeper in the Third ward left Tuesday for Texas, accompanying Albert Peske of Bangor, who is in charge of the land seekers' excursion.

Mrs. J. Kirkpatrick left Wednesday for St. Elmo, Colo., after making an extended visit with friends here.

Mr. Raymond Reinhart is in Sparta this week, the guest of his friend, Oren Newton, who recently returned from the St. John's Academy at Delaware.

H. B. Vaudell was elected mayor of Tomah by a majority of 105 over Alderman E. E. Griswold and G. A. Leak.

William Koopman was re-elected city clerk and E. A. Daherr was again elected city treasurer. Theodore Schmidt was re-elected assessor; E. Bartels and A. E. Hollister were chosen justice of the peace; E. P. Johnson, E. J. Thom and Jacob Wells were elected constables; Jay Mosher was elected alderman of the First ward; D. H. Olson was elected alderman of the Second ward; Attorney William Gleis was elected alderman of the Third ward. The supervisors Fred H. Crosset, H. B. Sowle and Henry Coome were re-elected.

Mrs. W. A. Henke of La Crosse, is the guest of Tomah friends this week. Mrs. Henke will be remembered here as Miss Beulah Smith.

Mr. and Mrs. Ira Dewey of Mather, are rejoicing over the arrival of a young son born Tuesday morning, April 7th.

Mr. Fred Keyes purchased a Ford automobile this week.

Mr. Fred Peets moved his family from the Christmas cottage on McLean avenue to the Harvey residence.

Rev. and Mrs. C. W. Wells leave next Monday for Milwaukee where they will attend the conference of the German Evangelical association. They will also visit at Oshkosh, Lake Mills and Horicon.

Arthur C. Boehmer, a senior student in the medical department of the University of Illinois, a former Tomahite, underwent an operation for appendicitis in the West Side hospital, Chicago, on Wednesday, April 1st. The operation proved to be a very serious one, but hopes are entertained for his complete recovery.

The fire alarm was sounded at three o'clock on Wednesday afternoon, on account of a chimney fire at the residence of John Gleis on Clark street.

Rev. and Mrs. J. G. Smith and son Theodore spent Wednesday in La Crosse.

The pupils of Sister Leo are making preparations for a piano recital which will be held in the month of May.

The Ladies' society of the Congregational church met Wednesday afternoon with Mrs. Charles Hamilton at the Sherman house.

AMERICUS BEATS ROUEN

KANSAS CITY, Mo., April 9.—Gus Schonlein ("Americus") defeated Raoul De Rouen, the French wrestler, in straight falls at convention hall here last night before a crowd of 2,500 fans. Referee Dave Porteous awarded the first fall to Americus on a foul.

BAN HAWAIIAN PRODUCTS

WASHINGTON, April 9.—The importer of Hawaiian fruits and nuts into the United States after May 1 will face a \$500 fine, or a year's imprisonment, by an order issued today by the department of agriculture. The object of the ban is to keep out the melonfly and the fruit fly.

Absolutely Necessary.

IMPROVEMENT SEEN IN LABOR MARKET

Demand for Workers in All Lines Shows Increase in March Over Previous Month

A total of 181 people, 126 men and 55 women, were referred to positions during the month of March at the local employment bureau in the city hall, operated by the state industrial commission in conjunction with offices at Milwaukee, Oshkosh and Superior. The number of people referred to positions during March was slightly smaller than during the corresponding period last year, due, in part, to the general slackness in the labor market throughout the country.

The slight decline in demand in March was due to the closing of the ice harvesting season. Demand for women as compared with the supply increased 13 per cent in March over February. The number of farm hands called for and placed in positions trebled. There was a good increase in the demand for building trade workers and in the metal and machinery trades, general laborers being slightly in greater demand. No great number of men has been put to work by any one firm, but many employers are hiring a few at a time.

Labor market conditions, according to the report, are slightly worse in the northern and western sections of the state than in the southern and eastern portions, but signs of improvement are evident in all parts of the state.

The local office recently sent twelve teamsters to New Albin, Ia., for construction work. Calls for farm help are coming in rapidly as well as for general work around town, in the line of carpet beating, lawn work and other odd jobs. The office has a number of men on the list who would jump at such chances.

FROST BLIGHTS TEXAS

DALLAS, Tex., April 9.—Damage to the extent of a million dollars to peaches and small fruits is predicted in Texas today, as a result of the coldest "norther" that has swept this section in twenty years.

Daily Thought.

If I were you I would not worry. Just make up your mind to do better when you get another chance, and be content with that.—Beatrice Harraden.

CADOTTE VILLAGE SWEEP BY FIRE

Greater Portion of Business District in Ruins with Estimated Loss of \$94,000

CHIPPEWA FALLS, Wis., April 9.—The largest part of the business section of Cadotte, a thriving village of about 1,000 population, lies in ruins as the result of a \$94,000 fire which swept it Wednesday afternoon. The fire was caused by an explosion in the general store of the Cadotte Supply company. The impact of the explosion in a gasoline or oil tank blew out the front of the store and scattered burning embers to adjoining buildings and those across the street.

Men Remove Dynamite Several men endangered their lives to save those of hundreds of people by going to the rear basement and removing two tons of dynamite which had been stored.

A strong wind swept the flames along a row of fifteen buildings all of frame construction and soon the entire south and east part of the village was a mass of fire with sparks setting fire to fifty houses and the venerable mill of Theodore Filtz & Sons.

Two Cities Send Aid Greater loss was averted by the prompt arrival of the fire departments from Chippewa Falls and Eau Claire. The fire was confined to the business section.

WOULD PROHIBIT ONE CENT PAPER

SEATTLE, Wash., April 9.—Prohibition by law of the one cent newspaper, by act of congress because the one cent price creates a situation where "business must control the newspapers," is the novel editorial demand here of the Seattle Sun.

Work That Moves the World. My share in the work of the world may be limited but the fact that it is work makes it precious. . . . Darwin could work only half an hour at a time; yet in many diligent half hours he laid anew the foundations of philosophy. . . . Green the historian tells us that the world is moved along, not only by the mighty shoves of its heroes, but also by the aggregate of the tiny punches of each honest worker.—Helen Keller.

ELY'S CREAM BALM OPENS CLOGGED NOSTRILS AND HEAD--CATARRH GOES

Instantly Clears Air Passages; You Breathe Freely. Nasty Discharge Stops, Head Colds and Dull Headache Vanish.

Get a small bottle anyway, just to try it—Apply a little in the nostrils and instantly your clogged nose and stopped-up air passages of the head will open; you will breathe freely; dullness and headache disappear. By morning! the catarrh, cold-in-head or catarrhal sore throat will be gone. End such misery now! Get the small bottle of "Ely's Cream Balm" at any drug store. This sweet, fragrant balm dissolves by the heat of

the nostrils; penetrates and heals the inflamed, swollen membrane which lines the nose, head and throat; clears the air passages; stops nasty discharges and a feeling of cleansing, soothing relief comes immediately.

Don't lay awake tonight struggling for breath, with head stuffed; nostrils closed, hawking and blowing. Catarrh or a cold, with its running nose, foul mucous dropping into the throat, and raw dryness is distressing but truly needless.

Put your faith—just once—in "Ely's Cream Balm" and your cold or catarrh will surely disappear.

Rumford THE WHOLESOME BAKING POWDER

It is essential in the making of raised foods that you choose a leavener that not only raises the cake, biscuit or roll just right, but also adds to their nutritive value.

Rumford accomplishes this by restoring to the flour, in part, the nutritious phosphates of which fine white flour has been deprived. It will make your cake of that even texture, flavor and appetizing appearance sought for by all good cooks. Its use insures
